Beyond Academics

Industry Connect

Kakushin by Nomura Holdings Inc.:

Kakushin is an annual hackathon conducted by Nomura India. It is conducted during the placement season when the company invites any IT student to register and apply. It is a multiple round hackathon where the planning, management, technical, and communication skills of students are tested on the competency of the participants to tackle real life problem with the help of technology.

Hackathon

BNP Paribas India Solutions hosted Innovirsite, a 24- hour National Hackathon where eligible students from our institute tackled real-world tech challenges. Top performers earned 5-6 months paid internship at BNP Paribas offices in Mumbai, Bangalore, Chennai with potential for full time roles based on performance.

Master Class

The DST area curated a diverse array of master classes catering to both the **MCA 22-24, 23-25 and 24-2026 batch.** These classes covered various domains including:

Design Thinking & user experience design	Big Data analytics	Software Testing
Industry applications of database systems	Python programming	Deeplearning
Industry applications of database systems	Communication and conversational skills	Etiquette
Tech Interview preparation workshops	Machine Learning	

Extra Curricular

Elan-E-Jung, a vibrant sports event organized by KJSIM, witnessed enthusiastic participation from MCA students in December 2024. The students actively competed in various sports including badminton, football, volleyball, and cricket. Their impressive performance led to multiple victories in football matches and securing the runner - up position in the cricket tournament.

Student Testimonials

Vidhi Rane
MCA Batch (2023 -2025)

Starting my MCA journey at K J Somaiya Institute of Management has been a defining phase of my academic and personal growth. From day one, I have been immersed in a dynamic learning environment that has challenged me to evolve both technically and personally. The institute has equipped me with cutting-edge skills, practical knowledge, and the confidence to excel in the ever-evolving tech industry.

Through engaging coursework, hands-on projects, and insightful mentorship, I have gained a deeper understanding of industry demands. Collaborating with like-minded peers, participating in tech events, and taking on leadership roles have further enriched my learning experience, shaping me into a confident and capable professional.

What truly sets MCA at KJSIM apart is its exceptional faculty—mentors who go beyond traditional teaching to inspire, challenge, and guide students. Their unwavering support and commitment to academic excellence have played a crucial role in my development, fostering a culture of innovation, critical thinking, and hands-on problem-solving.

Looking back, this journey has been instrumental in shaping not only my professional skills but also my sense of commitment to student welfare and academic excellence. Iam proud to be a part of this esteemed institution that nurtures both intellect and leadership.

Embarking on my MCA journey at K J Somaiya Institute of Management has been a truly enriching experience. Over the past two years, the programme has seamlessly blended rigorous theory with hands-on application, equipping me with the skills to navigate the dynamic tech industry. Each semester built on the previous one and evolved with current industry trends.

The faculty have been more than educators—they've been mentors, offering personalized guidance and real-world insights that deepened my technical understanding and prepared me for complex professional challenges. Beyond the classroom, the vibrant campus life at KJSIM has played a key role in my personal development. Collaborative projects, interactive workshops, and extracurricular activities have enriched my learning experience and expanded my professional network.

Mohammed Siddiqui
MCA Batch (2023 - 2025)

As I approach the end of my final semester, I feel a profound sense of accomplishment and confidence, ready to take on future challenges with a solid foundation in the tech industry.
